Ace Labs Medical will file these claims on patients' behalf and will make every attempt to have the insurance carriers cover the charges associated with the visit and test. Ace Labs will refund patients any funds paid by the insurance carriers that would have gone towards their out of pockets costs. Also, if your insurance carrier denied the claims all together, the charges associated with the visit and test are the patient's responsibility.

### Assignment of Benefits:

I hereby assign Ace Labs and my providers payment from all third party payers with whom I have coverage or from whom benefits are or may become payable to me, for the charges of my healthcare services I receive for, related to, or connected with this visit and any future visit for which I have medical insurance coverage.
